43. IDB 850 Innovation and Digital Business II. (Spring) – 6 ECTS1	158

#### Important Information and Procedures for course registration

- 1. Please always check with your university about the classes and the number of ECTS you have to choose and the credits you have to transfer back to your university.
- 2. At Munich Business School exchange students must enroll in courses with a minimum of 15 ECTS.
- 3. It is not possible to add courses from a different study program. You can only choose the courses listed on the course registration form.
- 4. Please check the pre-requisites to ensure you have the necessary background to take the course.
- 5. There is no guarantee that all courses listed in this guide will be offered each semester due to the fact that the minimum number of participants for each course (6 participants) is required to take place.
- 6. There will be a two week "add and drop"-period at the beginning of each semester, where students can still change their course choices.
- 7. Once enrolled in classes, attending lectures is mandatory and students must submit assignments and write exams.
- 8. Not participating in exams will result in a grade FAILED.

#### **International Business**

#### IB 752 International Business (Fall) - 6 ECTS

\*In order to receive 6 ETCS all submodules have to be taken and are mandatory (IB 752-1, IB 752-2, IB 752-3)

Modul-Nr. / Module code	IB 752
Modulbezeichnung / Module name	Internationale Betriebswirtschaft und Management (de/en)
	International Business and Management
Lehrveranstaltungen des Moduls /	IB 752-1 Internationales Strategisches Management
Courses in the module	International Strategic Management
	IB 752-2 Organizational Behavior   Organizational Behavior

### IB 850-14 Applied Game Theory (Spring) – 3 ECTS

Modul-Nr. / Module code	IB 850-14
Modulbezeichnung / Module name	Angewandte Spieltheorie   Applied Game Theory
Lehrveranstaltungen des Moduls / Courses in the module	-
Inhalte des Moduls / Module content	Game theory involves the mathematical analysis and evaluation of strategic decisions. Fields of application of game theory are omnipresent, as every social question in which at least two parties interact and make strategic considerations can be examined with the instruments of game theory. Particularly in economics and business administration, game theory can be used to investigate many situations such as the competitive behavior of companies, collective bargaining or economic policy.
	Decision Theory
	Individual Decision-making
	Interdepend Decision-making
	Game Situation
	Simultaneous-Move Games
	Dominance
	Nash-Equilibrium
	Game Analysis
	Sequential Games
	Multistage Games
	Repeated Games
	Incomplete Information
Lernergebnisse des Moduls / Learning outcomes of the module	<ul> <li>On successful completion of this module, students will</li> <li>be able to translate economic problems into game theory,</li> <li>know and be able to evaluate important solution concepts of game theory,</li> </ul>

	<ul> <li>be able to acquire in-depth user knowledge using examples especially from the field of competition.</li> </ul>
Häufigkeit des Angebots des Moduls / Semester when the module is delivered	Annually in spring semester

### IB 850 - IMBM 853 Psychology of Marketing (Spring) (3 ECTS)

Module code	IMBM 853
Module name	Psychology of Marketing
Courses in the module	-
Module content	This course will introduce students to the human mind and teach them how to use insights from behavioral economics, psychology and neuroscience for more effective branding, advertising and sales. Each lecture will cover one behavioral feature of decision-making (so called effects) and the psychological theory behind it, the experiments through which behavioral economists discovered it and how it is applied to modern branding, advertising and/or sales techniques.
	Examples of these effects include:
	Loss aversion
	Reciprocity
	Scarcity
	Priming
	The decoy effect
	Social identity in branding
	Peer comparison & social proof (theory of conformity)
	Baader-Meinhof phenomenon (confirmation bias, mere exposure effect)
Learning outcomes of the module	<ul> <li>On successful completion of this module, students will</li> <li>understand key principles of human behavior,</li> <li>understand facets of consumer decision-making,</li> <li>have an overview of the latest evidence in consumer psychology,</li> <li>know the basics of experimental research,</li> <li>have an insight into branding, advertising and sales techniques,</li> <li>be able to design effective branding strategies based on consumer insights.</li> </ul>
	ů –

Duration of the module	One semester
Semester when the module is delivered	Annually in spring semester
Number of ECTS credits allocated	3 ECTS
Total workload	30 contact hours
	60 self-study hours
	90 hours of total workload
Type of Module (core/elective, etc.)	Elective
Usability of the module	Master International Marketing and Brand Management
	Master International Business
	Master Innovation & Entrepreneurship
	Master Sports and Business Communication
Prerequisites	Basic statistical knowledge
	Basic academic writing knowledge
Module leader	Prof. Dr. Sophie Hieke
Lecturer(s)	Prof. Dr. Sophie Hieke

### Private Equity and Venture Capital (Spring) (3 ECTS)

Course description is not yet available - NEW course, introduced in Spring 2025.

### **Executive Skills**

### EXEC 752 Communication in International Business (Fall) - 6 ECTS

\*In order to receive 6 ETCS all submodules have to be taken and are mandatory (EXEC 752-1, EXEC 752-2, EXEC 752-3)

Modul-Nr. / Module code	EXEC 752
Modulbezeichnung / Module name	Kommunikation im international Geschäft (de/en)
	International Business Communication
Lehrveranstaltungen des Moduls /	EXEC 752-1 Business Communication   Business
Courses in the module	Communication
	EXEC 752-2 Wirtschaftsethik   Business Ethics
	EXEC 752-3 Verhandlungstechniken   Negotiation Skills
Inhalte des Moduls / Module	EXEC 752-1- mandatory in order to get ECTS
content	Leadership expresses itself in applied, sophisticated communication. We will try to understand what makes good, conscious business communication, both in general as well as
	in an intercultural business environment. Content:
	7 attitudes and behaviours of conscious business communication that a good leader should apply
	Communication skills in an international business environment
	Scientific concepts to understand different cultures around the world and how to apply leadership communication in these different contexts
	Intercultural communication in different business fields (HR, marketing)
	EXEC 752-2- mandatory in order to get ECTS
	We will explore ethical perspectives and dilemmas within diverse organizational and business environments, allowing us to delve into the practical aspects of ethical decision-making in the real world. Throughout the lectures and this course, we will gain insights into:
	Topical and controversial business and corporate ethics issues

	Foundations of business ethics, including basic ethical considerations and philosophical sources
	Social Contract theory at both national and global levels
	Business ethics principles and developments
	Historical and emerging business ethics issues, such as labor laws, misuse of company time and resources, abusive and intimidating behavior, lying, sexual harassment, fraud, financial misconduct, privacy issues, political correctness, sustainability, personal responsibility, corruption, and more.
	Specific aspects of business ethics such as CEO compensation, child labor, labor conditions, product quality, marketing, customer relations, intellectual property, data privacy, and more.
	EXEC 752-3- mandatory in order to get ECTS
	Social organization in the negotiation context includes topics such as understanding and influencing leverage, communicating effectively, differentiating interests from positions, using effective actics, and optimally closing the deal:
	<ul> <li>Frameworks of Negotiation Settings</li> </ul>
	Effective Communications
	<ul> <li>Interest-based negotiations</li> </ul>
	Negotiation Tactics
Lernergebnisse des Moduls /	EXEC 752-1
Learning outcomes of the module	On successful completion of this module, students will
	<ul> <li>understand requirements for effective communication in general and in an intercultural context,</li> <li>have developed competencies in conscious, intercultural communication; they are able to apply these competencies effectively in a business context, both as a leader and when working in international teams</li> <li>be able to connect the scientific concepts on intercultural communication with real-life experiences and to evaluate real-life intercultural communication situations in light of these scientific concepts,</li> </ul>

<ul> <li>understand different cultures and how they affect the patterns of behavior in business and non-business situations,</li> <li>be able to reflect one's own values, attitudes and preconceptions when approaching an intercultural business situation and how they are perceived by others,</li> <li>have used the international composition of the group for a lively exchange of thoughts, perceptions and attitudes.</li> </ul>
EXEC 752-2
On successful completion of this module, students will be able to
make contributions to the social discussion of changing values,
analyze and explain the shifting power between (national) politics and (international) corporations,
assess, decide and act from a strengthened sense of responsibility and understanding - both from a humane and a global perspective,
successfully cope with cross-cultural interactions with different regions and mentalities in the minefield of converging globalization and diverging regionalization as well as with value systems of different societies and the Corporate Social Responsibility (CSR) within multinational corporations,
evaluate and develop corporate ethics codes in theory and implement them in practice,
apply theoretical modes of analyses to specific ethical issues and cases in order to define their own ethical position, behavior and measures to be taken.
EXEC 752-3
On successful completion of this module, students will be able to
<ul> <li>define key elements for the preparation of distributive and integrative negotiations</li> </ul>

	<ul> <li>differentiate between distributive and int negotiation settings</li> <li>identify negotiation partners' negotiation to adapt own strategies</li> <li>classify negotiation strategies regarding context of negotiation settings</li> <li>understand the relevance of emotions in and to incorporate such considerations i preparation, conduction, and review of negotiation</li> </ul>	strategies and aims in the negotiations n the

### International Marketing

### MKT 750 International Service Marketing (Fall) – 3 ECTS

Modul-Nr. / Module code	MKT 750
Modulbezeichnung / Module name	Internationales Dienstleistungsmarketing (de/en)
	International Service Marketing
Lehrveranstaltungen des Moduls / Courses in the module	-
Inhalte des Moduls / Module content	Introduction to the concept of services
content	The role of the consumer
	Market research (and how to create customer relationships)
	Setting up services: design, innovation and quality
	Delivering services: the role of employees and customers in service performance
	Challenges in delivering services: yield management, digitalisation and service recovery
	Digitalisation workshop
	Service profitability: pricing, bottom line and RoM
Lernergebnisse des Moduls /	On successful completion of this module, students will
Learning outcomes of the module	understand and know how to design, implement and monitor the relevant marketing and management strategies in a service context,
	understand the relevance of service in today's business ('everything is service') and how recent and future developments (will) affect the service theorem we currently observe,
	be knowledgeable on relevant concepts, frameworks and can explain their application via real-life business examples,
	have a holistic understanding of the role of marketing in corporate (branding) strategy and management as well as the ties to consumer and market insights.

### SUST 850 Sustainable Business Transformation (Spring) – 6 ECTS

Modul-Nr. / Module code	SUST 850
Modulbezeichnung / Module name	Sustainable Business Transformation
Lehrveranstaltungen des Moduls /	1 Circular Economy
Courses in the module	2 Sustainable Design
Inhalte des Moduls / Module	1 Circular Economy
content	This course introduces principles and concepts of a circular economy that can support a more sustainable future.
	Introduction to the circular economy
	Systems thinking
	Schools of thought
	Butterfly diagram
	Barriers
	Opportunities
	Impact
	Linear economy impacts
	Circular economy impacts
	Sustainable Development Goals
	Critiques of the circular economy
	Government
	Policy
	Government-level applications
	Circular cities
	Industry
	Financing
	Materials management
	Industry-level applications

Food/agriculture
Plastics & packaging
Fashion
Built environment
Chemicals
Extractive industries
Service sectors
Company
Business models
Supply chains
Company-level applications
Product/Process
Circular design
Cradle-to-Cradle
Biomimicry
Product/Process-level applications
Circular standards, metrics, & measurement
2 Sustainable Design
This project-based module focuses on solving complex human sustainability challenges through the application of sustainable design methods at the product and process level.
Biomimicry Design
Systems thinking
Functional applications of biomimicry
Business context and implications of biomimicry
Biomimicry methodology
Circular Design

	Circular economy
	Circular product certifications
	Functional applications of circular design
	Business context and implications of circular design
	Circular design methodology
	Human-Centered Design (HCD)/Design Thinking
	Functional applications of HCD
	Business context and implications of HCD
	HCD methodology
Lernergebnisse des Moduls /	1 Circular Economy
Learning outcomes of the module	On successful completion of this module, students will
	Understand the circular economy, its opportunities and challenges, and its critiques
	Identify system-, company-, and product-level applications of circularity
	Understand the role of policy, financing, and design in system-wide change
	Understand the social, environmental, and economic impacts of the linear economic system
	2 Sustainable Design
	On successful completion of this module, students will
	Understand the role of design in creating a sustainable future
	Understand and apply biomimicry design methods
	Understand and apply circular design methods
